### "Let Me Know"

I can't read your mind  
I need you to say it

Plain and simple  
I would give my life to you  
Everything you needed  
Baby I would be it  
You're the only one I talk to  
Who really knows me  
Tells me shows me  
That it's enough sometimes just to be myself

I don't want nobody else  
They don't understand  
That I gave away my heart  
The moment that I shook your hand

Take my breath away  
Buy me anything I ask  
Go anywhere I wanna go  
I traded everything just to know

*[Chorus:]*

Let me know you love me  
Let me know you care  
Let me know you're thinking of me  
When I can't be there  
Let me know you miss me  
Call me up sometimes  
I don't wanna go but boy you gotta let me know

Stop and listen  
It's my thoughts calling your name  
Screaming out the way I feel  
I wish you would do the same  
I think you might be on the same border  
Same line same page  
I'm tired  
Listening to your silence brings the water to my eyes

I don't want nobody else  
They don't understand  
That I gave away my heart  
The moment that I shook your hand

Don't let me in the dark  
Let this blind over my eyes  
If you don't feel the same  
Is everything we have a lie?

*[Chorus]*

Please give me a reason to stay  
Gotta get us back on track  
Cause the worst thing is  
Loving someone who doesn't love you back  
I think you do but I need you to say it

I can't read your mind  
Tell me from time to time  
I need you to say it  
Need you to tell me [x2]

*[Chorus]*

I can't read your mind  
I need you to say it [x2]

Let me know you love me  
Let me know you care
