Let's pretend we agree
That were not arguing constantly
Get along, for the night
Put down the guns, put down the knives
Can we find common ground?
Cause there's way too much grey around
If you can't make believe
There's the door, yeah you're free to leave

I'm tired of sitting here talking about nothing
You say you're sorry but it's always something
I need you, to be cool
Drinks are on me tonight, yeah

Let's get wasted, end of conversation
Make out with a stranger
Take another shot, whoa, whoa, whoa
Let's get wasted!
Let's get wasted, end up on the pavement
Party like a rockstar 'till we hear the cops
Ooh, ooh, ooh
Let's get wasted!

Got my head in the cloud
Purple elephants all around
Grab your booze and chase them down
Yeah, tonight we gonna run this town

I'm tired of sitting here talking about nothing
You say you're sorry but it's always something
I need you, to be cool
Drinks are on me tonight, yeah

Let's get wasted, end of conversation
Make out with a stranger
Take another shot, whoa, whoa, whoa
Let's get wasted!

Let's get wasted, end up on the pavement
Party like a rockstar till we hear the cops
Ooh, ooh, ooh
Let's get wasted!

Take and drink and then pass it around
Cheers to those who won't make it
Raise a glass and then shout it out
Everybody getting wasted

Take and drink and then pass it around
Cheers to those who won't make it
Raise a glass and then shout it out
Everybody getting wasted, wasted

Let's get wasted, end of conversation
Make out with a stranger
Take another shot, whoa, whoa, whoa
Let's get wasted!
Let's get wasted, end up on the pavement
Party like a rockstar till we hear the cops
Ooh, ooh, ooh
Let's get wasted!

Let's get wasted, end of conversation
Make out with a stranger
Take another shot, whoa, whoa, whoa
Let's get wasted!
Let's get wasted, end up on the pavement
Party like a rockstar till we hear the cops
Ooh, ooh, ooh
Let's get wasted!

Take and drink and then pass it around
Cheers to those who won't make it
Raise a glass and then shout it out
Everybody getting wasted!
