If all is fair in love, then I'm a lover
If all is fair in war, then I'm a warrior
If I should fall in battle, I'll come back for you
Over and over again

If i rolled the dice and lost it all
I'd be happy with a broken heart
At least I got the chance to be in love with you
Fate is what tore us apart

Love or die
'cause I don't wanna live
If I can't be by your side
And I've got so much to give
Love or die
No my heart won't survive
Fight 'til the death
So I can keep our love alive

Love or die
Love or die

If I was forced to choose, I'd love to die for you
'cause what we have is hard to kill, it's bulletproof
'cause you're the only reason I exist at all
Until my last breath I am yours

Love or die
'cause I don't wanna live
If I can't be by your side
And I've got so much to give
Love or die
No my heart won't survive
Fight 'til the death
So I can keep our love alive

Love or die
Love or die
Love or die
Love or die

We rise and we fall

Give it our all
Laying it all on the line for our love
If I've gotta go
I'll go out in flames
My burning desire for you will remain

Love or die
'cause I don't wanna live
If I can't be by your side
And I've got so much to give
Love or die
No my heart won't survive
Fight 'til the death
So I can keep our love alive

Love or die
Love or die
Love or die
Love or die

Without your love I'd die

If all is fair in love, then I'm a lover
If all is fair in war, then I'm a warrior
If I should fall in battle, I'd come back for you
Over and over again
