Tell me why it's so hard to forget  
That we're not together  
Why can't I just seem to find piece of mind  
Accept that it was all for the better  
Just treat it like a dream  
Try to put it to rest  
Cos it's keeping me awake  
And when I try to sleep  
All is filled in my head  
Is you're not here with me

You're just a nightmare, nightmare  
Just won't go away  
(When's it gonna be over?)  
(Just can't take it no more)  
It's like you're right there, right there  
Somehow you lost your way  
(Gotta keep you closer then I did before)  
I'll let you haunt my dreams  
Cos at least that means I'm with you  
Girl you're the nightmare that I don't wanna go away  
And if that's all I have left then I don't wanna forget

Keep waking up with in a cold sweat every night  
But I'm not under the weather  
Bags under my eyes cos I've been crying  
Thought that we was forever  
I see the surface but something keeps pulling me  
deeper  
Guess I'm in over my head  
I tried grabbing your hand but I can't reach it  
Did I just take my last breath?

You're just a nightmare, nightmare  
Just won't go away  
(When's it gonna be over?)  
(Just can't take it no more)  
It's like you're right there, right there  
Somehow you lost your way  
(Gotta keep you closer then I did before)  
I'll let you haunt my dreams

Cos at least that means I'm with you  
Girl you're the nightmare that I don't wanna go away  
And if that's all I have left then I don't wanna forget

You're just a nightmare, nightmare  
Just won't go away  
(When's it gonna be over?)  
(Just can't take it no more)  
It's like you're right there, right there  
Somehow you lost your way  
(Gotta keep you closer then I did before)  
I'll let you haunt my dreams  
Cos at least that means I'm with you  
Girl you're the nightmare that I don't wanna go away  
And if that's all I have left then I don't wanna forget
