TG:

Saturday, Home Depot
Said your living room needs a fresh coat
Pick your color, blue or white
Whatever it is,
Gotta set the mood right
Got my hardware, let's put in work
Old hat, old jeans, no T-shirt
Before I know it, it's all on the floor

Cause I just wanna do you in the paint
I - wanna make love to you in the place, I-I
Rolling around in the mess that we made
Brushing and stroking, the best sex we made
Now I'm putting it in your hair
And you're rubbing it on everywhere
I just wanna do you in the paint, oh oh
Girl, don't be shy, I know you ain't
Cause I just wanna

JoJo:

It's Saturday, I wanna know
Why the - we still wearing all of them clothes?
Living room, purple wall
I got a secret for your underneath the overalls
About to give you a rush
Trust me baby, I know how to work a paintbrush
You're my canvas, so I'm a sign my name, yeah

Cause I just wanna do you in the paint
I - wanna make love to you in the place, I-I
Rolling around in the mess that we made
Brushing and stroking, the best sex we made
And I'm putting it in your hair
And you're rubbing it on everywhere
I just wanna do you in the paint, oh oh
Boy, don't be shy, I know you ain't

TG:

Cause I just wanna do you in the paint
I - wanna make love to you in the place, I-I

Rolling around in the mess that we made
Brushing and stroking, the best sex we made
Now I'm putting it in your hair
And you're rubbing it on everywhere
I just wanna do you in the paint, oh oh
Girl, don't be shy, I know you ain't
Cause I just wanna

TG: (JoJo)

I just wanted to paint your house (Haha, shut up)
Come here
(Aw, sh*t)

Both:

Cause I just wanna do you in the paint
I - wanna make love to you in the place, I-I
Rolling around in the mess that we made
Brushing and stroking, the best sex we made
Now I'm putting it in your hair
And you're rubbing it on everywhere
I just wanna do you in the paint, oh oh
Girl, don't be shy, I know you ain't
Cause I just wanna

Hey, yeah
Ooh, whoa..
