How can I tell you that I love you... I love you  
But I can't think of right words to say  
And I long to tell you that I'm always thinking of you  
I'm always thinking of you  
But my words just blow away  
Just blow away

Always ends up to one thing honey  
And I can't think of right words to say

Wherever I am, girl, I'm always walking with you  
I'm always walking with you  
But I look and you're not there  
Whomever I'm with, I'm always, always talking to you  
I'm always talking to you  
And I'm sad that you can't hear  
Sad that you can't hear

It always ends up to one thing honey  
When I look and you're not there

I need to know you  
Need to feel my arms around you  
Feel my arms surround you  
Like the sea around the shore  
Each night and day I pray  
And hope that I might find you  
And hope that I might find you  
Because hearts can do no more

It always ends up to one thing honey  
Still I kneal upon your floor

How can I tell you that I love you... I love you  
But I can't think of what's right to say  
I long to tell you that I'm always thinking of you  
I'm always thinking of you

It always ends up to one thing honey  
And I can't think of right words to say
