"With Me"

Some days my dreams fly over my head
It seems I'm going nowhere fast
Promises buried in the sand
But You said that this all would pass (yeah yeah)

(Chorus)

Cause I can do anything I want to
As long as You (As long as You)
Are here with me
I can move mountains by the thousands
I can walk on water (Walk on water)
As long as you're with me

I chalk one up
Because I'm gaining ground
I'm off on my own again
But I hit the wall at the speed of sound
Someday I'll learn to see Your plan (yeah yeah)

(Chorus)

With me

(Chorus)
