I got sucker punched in the eye  
I went off the road on a patch of ice  
Grabbed the roof but the earth caved in  
Oh I thought I was lucky then

Chorus

There's no reason in this life  
Someone lives and someone dies  
And it should come as no surprise  
Cause there's no reason in this life

Took a knife wound in the chest  
They took my money then they left me for dead  
Man is killed at a traffic light  
I thought that could have been me inside

Chorus

You know I went to the beach but I didn't swim  
Just watched the waves come breakin in  
Someone try to answer why  
Lord I'm alive and my brothers died

Chorus

No reason in this life (X4)
