Not matter how you explain it (explain it)  
It doesn't look good from where I'm standing  
You can shuffle the blame up (blame up)  
We know it could be a bumpy landing  
I don't know, guess you wanna go out  
And be with people while you scream and shout  
Oh why did I never doubt?

If you only believed all the lies that you told me  
I wouldn't even mind  
It's true all you believe if you lie to me only  
I couldn't be so blind  
I knew that to decieve you would try to control me  
It wouldn't be the first time

Don't even think that you mean it (mean it)  
You try to tell the truth but that'd be boring  
A better version you've seen it (seen it)  
Who better than you to sell the story

Don't tell me 'bout the places you go  
And be with people that I've seen before  
Oh why did I wanna know?

If you only believed all the lies that you told me  
I wouldn't even mind  
It's true all you believe if you lie to me only  
I couldn't be so blind  
I knew that to decieve you would try to control me  
It wouldn't be the first time

I remember the days exactly  
Memory is a haze just ask me  
Wonders never amaze me they just get me down

If you only believed all the lies that you told me  
I wouldn't even mind  
It's true all you believe if you lie to me only  
I couldn't be so blind  
I knew that to decieve you would try to control me  
It wouldn't be the first time
