I started with the hardest rap blue caddy  
Captain of my crew that how they looked at me  
My first problem man I was too to happen  
Taking shots ducking others that would throw at me  
My mama was a virgin till she knew daddy

Married to her great...then you have it  
Been real as a youngin we ain't even have it  
Meet the homies at the bar nigga what you having?

Made it on our own, it takes a long way to get it, get it  
Got the homies out front and the sides  
Screaming along yeah we get it, get it

Bad bitches in my ...light  
With the love, my new bitch think I still might  
Fuck around and the side and I still might  
Hoping dimes on this bitch but it's still life  
Freestyle bring it good while I still write  
There'll be no denim fold but the ...right  
I started early when ...there was still light  
When I finished got em remember that's a ill night

Made it on our own, it takes a long way to get it, get it  
Got the homies out front and the sides  
Screaming along yeah we get it, get it

Coppers told me I've been on to take your pants with  
you  
So in the future man you know you like the last nigga  
On the path so it's time you bring that cash with you  
If you deny then you reply, I can't mash with you  
Tell em fuck you, fuck they gonn do to me  
Top down and kiss ass like it's 2 of me  
Coppers kicked in the door, fire 2 or 3  
From the down...4 11 bout to release

Made it on our own, it takes a long way to get it, get it  
Got the homies out front and the sides  
Screaming along yeah we get it, get it.
