Every body's got problems, everybody gets low.
Everybody's got trouble, leastwise, everybody I know.
But at times like these when I'm on my knees
and everthing goes wrong
I turn to my baby, and things won't stay wrong for long.
When your heart is down and your brain's in a muddle
you can't beat a little kiss and a cuddle.
Everything's gonna be alright
I'll be hangin on to my baby tonight.
Hangin on, tonight
We come into this world, the very first thing we learn
is everybody needs someone, somewhere to turn.
So come on do what I do, if only because
a little bit of loving makes everything,
a little bit better than it was.

When your heart is down and your brain's in a muddle
you can't beat a little kiss and a cuddle.
Everything's gonna be alright
I'll be hangin on to my baby tonight.
Hangin on, tonight
I don't have much money, and I don't really care.
No one needs no money, when you've got some love to
spare.
Well there ain't no bank in this whole wide world
gonna stop this spending spree
when I'm holding onto my baby, and she's holding onto
me.
When your heart is down and your brain's in a muddle
you can't beat a little kiss and a cuddle.
Everything's gonna be alright
I'll be hangin on to my baby tonight.
Hangin on, tonight
