We called it quits a year ago, saw the writing on the wall
Ain't it funny how you know when you don't really know at all
See you 'round was the phrase as I remember that we used
When I think back on those days, all I've gotten is confused
Because we're movin' the same circles, talkin' to the same folks
Going to the same places, hearing the same old jokes
Movin' in the same circles, going nowhere at all
And I still love you baby, damn it all
You said that you were leaving town, hearts grow fonder so they say
But as of now you're still around, kinda think you're gonna stay
But I can't take this place alone and ever since we said goodbye
We've said hello but not at home, don't you think it's time to try
Instead of movin' the same circles, talkin' to the same folks
Going to the same places, hearing the same old jokes
Movin' in the same circles, going nowhere at all
And I still love you baby
Damn it all
