I was born in the rotten part of the town  
The biggest trap I had seen  
Wherever you'll go and wherever you'll get to  
Evil is around

My mother's a bitch my father's a killer  
Gettin' paid for a murder  
Fightin' and strugglin' the whole day  
The only way to survive  
Wanted from law but they'll never catch me  
I'd much rather die in this bloody war

Fly high touch the sky  
Never know the reason why it ends  
Victim of fate

I had to kill people to save my own life  
I don't wanna go to hell  
I started at the bottom  
I'm heading for the top  
I'll never return I'll never go back  
To the Goddamn part of the town  
Headhunters won't get me 'cause I'm not stupid  
But this ain't the life I dreamt of

Wanted from law but they'll never catch me  
I'd much rather die in this bloody war

Fly high touch the sky  
Never know the reason why it ends  
Victim of fate

What now lonely man who's standig  
In the shadow of the streets  
You're left alone with no helpin' hand beside you  
You hide from the daylight livin in darkness  
You got no friends you can trust nobody  
Except for yourself  
The only shade that's beside you  
Is the shade of Lucifer  
Laughing with a satanic smile

And his friend death sharpens his sickle  
You don't wanna die do you ? But you will  
You will burn in hell

Fly high touch the sky  
Never know the reason why it ends  
Victim of fate...Fly high, touch the sky, you will die !
