I believe
This mess you made
I believe
The debt was left unpaid
Trade my cradle for a grave
And left me with nothing

I believe in you I do I do
I do believe in you
Even if you're not around
You're still in my life
I believe in you I do I do
I do believe in you
Even if you're not around
You're still in my life

I believe
You're worth your weight
I believe
You're not the same
As when you breathed fire in our den
This is now and that was then

I believe in you I do I do
I do believe in you
Even if you're not around
You're still in my life
I believe in you I do I do
I do believe in you
Even if you're not around
You're still in my life tonight

Though I cannot forget what you did to me
No one prospers in this guilt economy
Love is the greatest revenge that we all need
Love is the greatest revenge that we all need

I believe in you I do I do
I do believe in you
Even if you're not around
You're still in my life

I believe in you I do I do
I do believe in you
Even if you're not around
You're still in my life

Love is revenge
Love is revenge

Even if you're not around
You're still in my life tonight
