Every single breath in me is crying out for more
I can't seem to get enough of what Im living for
So I fly when I close my eyes and love floods over me
I thought I was as far as I could be
(Chorus)
But now Im fallin (Now Im fallin)
Im fallin more in love with You (In to You)
Yeah, Im fallin (Now Im fallin)
To a place I love to fall into (In to You)
I take a drink of Your love
Then I take little more
Im deeper than I've ever been
I thought I had tasted all but there seems to be more
than
This heart has ever seen
So I fly when I close my eyes and love floods over me
I thought I was as far as I could be
(Chorus)
And I fly when I close my eyes and love floods over me
And I thought I was as far as I could be
(Chorus)
