She packed that party act  
Like a pack rat piled high with paper sacks  
Two quarts of oil, her calico cat  
Man, I never seen a woman get so mad  
She caught me by surprise  
When goodbye rang into the night like a steel wind  
chime  
Caught in a storm that was gettin' worse  
An' she just grabbed purse  
I can't believe she said it first

'Cause I was gonna leave tomorrow anyway  
I had my car all gassed up  
Everything was all in place  
I let her have her glory, then her faith  
My heart will break an' that's okay  
I was gonna leave tomorrow anyway

I watched her tail lights disappear  
Grabbed a beer, chucked it down so my eyes could  
clear  
An' fear appeared  
An' suddenly silence was the only thing my heart could  
hear  
An' this room is a tomb with empty walls, a broken  
broom  
With marks of leavin' on the floor  
Made by her shoes  
Like she knew what I was gonna do  
Still, I can't believe she left so soon

'Cause I was gonna leave tomorrow anyway  
I had my car all gassed up  
Everything was all in place  
I let her have her glory, then her faith  
My heart will break an' that's okay  
I was gonna leave tomorrow anyway

I bet she's somewhere between  
Albuquerque, Amarillo  
Even at our favorite cafe

I wish I had the guts to call  
Just so she could hear me say

'Cause I was gonna leave tomorrow anyway  
I had my car all gassed up  
Everything was all in place  
I let her have her glory, then her faith  
My heart will break an' that's okay  
I was gonna leave tomorrow  
I was gonna leave tomorrow anyway, yeah  
Oooh
