The pressure in my skull  
The reason for my nerves are cracking  
The meaning of my paranoia  
Seems to be that I

Feel like fugitive soul  
Live like fugitive soul  
Think like fugitive soul  
Feel like fugitive soul

What's going on in my mind  
Avoid again the aggravation  
Too many hassles all the time  
Avoid again the degeneration

Feel like fugitive soul  
Live like fugitive soul  
Think like fugitive soul  
Feel like fugitive soul

What's going on in my mind  
Trying to provoke

I feel like

Feel like fugitive soul  
Live like fugitive soul  
Think like fugitive soul  
Feel like fugitive soul
