Silico's back from beyond
He doesn't need to run anymore
Silico still got no choice
But he knows what must be done

Silico is the one hero
Stronger than a thousand Rambos
Silico has got no anger
But he knows what must be done

He's the best one, best one
He's the best one, best one

Silico can smash evil
But he doesn't need to
Silico doesn't burn crosses
But he knows what's behind every, every, every,
everything
Every, every, every, everything

Silico just back from beyond
He's he's
The best one!

He's the best one, best one

The best! one!
The best! one! best!
