Taste the hole among the flesh
Suck the juice that flows from it
Softmouth vagina calls you louder

Taste the hole among the flesh
Suck the juice that flows from it
Nothing's better, nothing's better
It's a place, a place to live
Softmouth vagina calls you louder

You feel it in your prick
Suck it

Like a jelly fish it's moving around
Offer your limbs to the corridor
Nothing's better, nothing's better
It's a place, a place to live
Softmouth vagina calls you louder

You feel it in your prick
Suck it
