We're so strong and so weak  
Victory leads us to defeat  
We're so strong and so weak  
I say what does it mean

More passion and more stress  
Our distress and mistakes  
More feelings and more pain  
What I say  
What does it mean

We get so fucked and so scared  
Cos ambition and power  
Leads us to fights and wars  
What I say  
What does it mean

Chose your own way  
Learn to get fucked  
Chose your own way  
Learn to get fucked

What does it mean

So strong so weak  
The victory the defeat  
So strong so weak  
What I say  
What does it mean
