Will you first time... Will it be... I think of someone like me ?  
Makes me wonder, I can show you'd neverthought you'd see.  
You're like sunshine, I can feel your heat is drying out my brain,  
Would you feel like...like we're having fun it I can do the rain ?  
Have you thought out your dreams, do you have some ?  
Let's see if we can find some more.  
Give me your fancies at random,I think we can deal with them all.  
I can't wait forever, baby, open me your door,  
I just want your loving if you cannot give me more.  
I can see you standing there, you know you're worth the try,  
Let me guide you in my spaceship and I'll surely make you have  
A R e a l G o o d T i m e .  
Don't waste time now - you are soaking wet, so fix the things you got,  
Guess you know how - and when you're done I gotta see you strut.  
My desire - can I watch you rock and know which one of choose ?  
I'm no liar - I could take you down and you got nothing to lose.  
I don't know any better occasion, can't hold back, it's the end of the day  
I don't think you're here for the first time, no problem with me anyway.  
I can't wait forever, baby, open me you door,  
I just want your loving if you cannot give me more.  
I can see you standing there, you know we have a try,  
I can feel this night is special and I surely make you have  
A R e a l G o o d T i m e .  
I can't wait forever, baby, open me you door,  
I just want your loving if you cannot give me more.  
I can see you standing there, you know we have a try,  
I can feel this night is special and I surely make you

have  
A R e a l G o o d T i m e .....
