[Tree of Knowledge:]

Coming from the wastelands  
Full of reason, common sense  
Where their principles are blocking minds  
And you don't understand  
Giving you belief,  
You never touch, you never see  
But if you dare to try to grip it  
you're accused for heresy

[Gabriel:]

Here I stand to find the truth  
and for ought I know  
You're the one to show me  
You can tell my spirit how to grow

No, the more I try  
The more confusion on my mind  
And no matter how I try  
I feel my eyes seem to stay blind

[Tree of Knowledge:]

No use in analysing, forget about alchemy  
Because the secret of all truth  
Is the quest for - and you'll feel

When you knock right on the door  
"Forever locked" they say  
A little man will let you in,  
For you have always tried - to get inside

You're in quest for more to find the core  
Your journey still ain't over  
Your quest is your purpose, go on  
You're in quest for more to find the core  
It will be - never- over  
Your quest is your purpose, go on ...

You're in quest for more to find the core...
