We poison our hearts
We poison our seas
We burn down the paradise
We're stoppin' good waves
We're losin' our trees
The future looks bright ahead
I don't wonder, we'll go under
In this river of lies, ohh

We're lost in this time
We create so fine
The future we already fear
Seems like no way out
Seems like there's no doubt
The future looks bright ahead

We're the kids of the century
We're lost in our games
No time for the memories
We look in the haze
We're the kids of the century
It wasn't our fault
Everything's done mum, we fall
Let's keep on crying
But sometimes I don't wanna fall
I don't wanna fall
Sometimes I don't wanna fall

And everytime when you look around
Things will smile at you
Everytime when you turn around
You smell the truth
But you run away
From the lies you can't say
Don't run away
From the lies you can't say

We're the kids of the century
We're lost in our games
No time for the memories
We look in the haze
We're the kids of the century

It wasn't our fault
Everything's done mum, we fall

We're the kids of the century
We're lost in our games
No time for the memories
We look in the haze
We're the kids of the century
It wasn't our fault
Everything's done mum, we fall
Let's keep on crying
But sometimes I don't wanna fall
I don't wanna fall
Sometimes I don't wanna fall
No, I don't wanna fall
Sometimes I don't wanna fall
