[M&L - M. Kiske]

Sun-breeze comes down on me  
The air is so clean and good  
There's no rush and it's understood:  
No place for doubts in this neighborhood  
Dreams can fly  
I heard it said, I heard it cried

A moment of use will fade  
A minute from here we're all too late

And Mr. Man is afraid!  
If even the stars could fall down  
Where to run if they hit town?  
When faith disappears  
When you drown in your tears  
Will you call for the gods you don't fear?

Like birds we sing songs out here  
I even saw you flying out there

When the night sings a song of hope  
To kill sounds like these we wouldn't dare

Then we die  
One lived in pain, one lived in pride  
She didn't ask - look - find  
He never saw what was on her mind  
Cold spirits - Illusions in time  
If even the sun will burn out  
When all love you've found cheats you loud  
When truth runs from you

Nothing real's left to do  
Will you fall into mentally blue?

When they come fly, they come from high!  
Reveal all lie! All hell comes to end!

Dreams can fly  
I heard it said, I heard it cried

A moment of use will fade  
A minute from here we're all too late

And Mr. Man is afraid!  
If even the stars could fall down  
Where to run if they hit town?  
When faith disappears  
When you drown in your tears  
Will you call for the gods you don't fear?
