I will come back to my senses  
I will try and start again  
It's almost like I never even took a single step  
I thought that I was getting somewhere I hadn't even  
left  
I'll be OK, I will be saved

I will pull myself together  
I will come up with a plan  
It's almost like I never even took a single step  
I thought that I was getting somewhere I hadn't even  
left  
I'll be OK, I will be saved

Do you know my name?  
It's written in my breath on the windowpane

I will remember what I'm made of  
I will turn it all around  
It's almost like I never even took a single step  
It felt like I was getting somewhere I hadn't even left  
But I'll be OK, I will be saved

Do you know my name?  
It's written in my breath on the windowpane
