Another lie on lips that say
"This might be a mistake but it's familiar"
It doesn't matter anyway
We'd still be heading nowhere fast

I should've stayed away from you
I almost never do the things that I'm supposed to do
I should just stay away from you
That's why I don't

And do we get what we deserve?
And if we're satisfied then what comes after?
You'll never know until you learn
It's a beautiful disaster

I should've stayed away from you
I almost never do the things that I'm supposed to do
I should just stay away from you
That's why I don't
