This people here they drew a fine line

Tucked on the wall by wonderin' eyes
Until you're fit for use again

But there's still plenty more of this lifestyle I adore
So keep telling me this never ends
As long as I will ignore please continue to play
Pretend

How many more spends twists and turns
'Til this music box has passed the test
When only wanting to be heard
But has gotten lost amongst the rest

But there's still plenty more of this lifestyle I adore
So keep telling me this never ends
As long as I will ignore please continue to play

And all this lovesick game
When you're stuck in the middle
So passed and dazed my way
For just one more role
Oh wisdom I've heard it again and again
You can't wake your man if he's sleeping for
Pretend

But the clock has been eying me
From across the room
I can't help but think that I
Got no time to move.
