(Intro)

Ohh ohhh ohh ohhh ohhh ohhh ohhh ohhh ohhh
ohhh.....Come On!!!!

Always twisted
When I leave the club
Body full Of Liqour
Playing wit ya girl
And since i'm Trey
U know she love me
Tell her I love her back
And when she done wit me
U can have her back
Songz slaughter more by the day
August 4th READY on the way
Black Tints on the whip while the driver drivin
Hottest muthafucka in the world inside it
And while u in the world residing
Im on another planet haters internet spam 'em
They can't stand him Trey some "Damn Them"
Tell 'em eat turkey burger cause im bout to HAM them
Tremaine spit flames man somebody bring the fans in
Better yet the hoes in tell 'em leave clothes in
The bin at the front door what I gotta front for?
Flow so graphic put the beat in plastic
Wrap it
Throw it in the dirt pick it up
All u niggas dirt give it up
Big whip big wheels when i park like jurassic
Skinny girls or chicks wit thick asses see green like tha
Masters
"TIGER" when I bite her stick my WOOD up inside her
She ignite my fire treat me like a pacifier
Hope she don't burn threw the rubber like a tire

When mashing in the chevy like im driving it for hire
Uhn....Whoaaaaaaa....And She Kno.....

Im Always Twisted When I Leave Club
Body full of liquid pocket full dubs
Headed to the telly or 2 another club
Tell me is READY u want me 2 beat it up

Beat it up beat it up baby is u keeping up
Got the money got the fame but 2 me that aint enough
Aint the type 2 complain I just beat a nigga up
U niggas get out lane watch my feet n eat my dust
They always bitchin' when im the club
Cause all they bitches wanna get wit us
VIP cause she like what she and the bottles on me
So the bottles all free for her
She wanna see me wit her
I wanna see me her and her friend doin it again and
again and again
Shawty gone spin
Quick don't let it slip can you keep the dick in
Ohhhh u know u know im so nasty
And I won't gone let ya phat ass walk past me
I wanna rub body down like you ashy
Call a nigga "Lassie"
Do anything u ask me
Shawty give that mega brain mega brain so insane
long as u don't paper plane
Government tax me
Actually im done wit this shit
You can go and run wit this shit...oh oh oh oh oh oh oh
oh oho oh oh oh oh oh oh
