I'm about what they ain't see  
I'll be out where they can't be  
It's easy as AB  
They actually cant see  
The way I ball out  
Like they .... is carved out  
You you guys stink like the breath from a dogs mouth  
She's a gorgeous freak  
She destroys my sheets  
Indeed keep her coming back around  
Airport police  
The way im rockin see its like i front portch to be  
And ye aint fly nigga  
The airports is cheap?  
Everybody was sleeping  
Now I'm living my dream  
She said she love nda whip  
Then I dig in her cream  
I see you blood suckers  
And you venomous feinds  
I know you next type  
Must be envious genes  
You know I'm bout mine  
And if you didn't know  
What the fuck you think I'm getting hoe  
Hater eat a \*dick  
Im in the lyric jet?  
The green keep growin  
Cha-cha-cha chia pet  
My body's full of liquor  
Give me some more though  
My verses richer than richie  
You got that poor flow  
I'm still a skinny nigga  
My pockets gordo  
She's only mine for the moment  
We know she's your hoe  
Know what I mean nigga  
She give dat heaad right  
About my green nigga trigga  
Running red lights  
Eatin betta every day

But I swear im starving  
R&B was just for starters so rappers im sorry  
Keep the bottles coming  
But take them sparkles off  
Special shout to my diamonds and how they sparkle off  
Ten acres in virginia that's my humble abode  
But that Miami highrise for stumblin hoes  
She's a lot of fun  
She takes her time doing it  
She made my body cum  
But her mind do it  
See im sicker than most  
Let's forget what I gross  
Ive had significant growth  
You got permission to fold  
Hot blisterin flow

Competition is no  
Baby its \*uck the world  
Got my \*ick in the globe  
Take a sip of the rose  
Gave her Tiffany stones  
My young money has grown  
So she miss when I'm gone  
I have incredible nights  
Pray for better tomorrows  
Love the gift that is life  
Cuz the present is borrowed  
I'ma live forever  
Like my presence immortal  
Told her to bow down  
There's a blessin before you  
If you didn't see  
I'm so into me  
Thinking back  
That when they told me  
What i couldn't be  
My stars shine bright  
But \*uck the limelight  
Just keep the bread coming  
And keep the wine white  
Women in model form  
Get their baby gargle? on  
Lifestyle fast bout to get my full throttle on  
And I noticed this  
People go and notice when  
Focusin on somethin thought provoking so i boast  
instead?  
It make you wonder  
But it's all about a loaf a bread  
I get the picture

And its different since i spoke to...  
Will's up  
Will's down  
Truck's outside  
Get it up  
I put down  
Keep your mouth wide  
Kill this track  
Time to kill another one  
Worldwide but virginias where im commin from  
Mama just got a Bendz  
Prolly get my brother one  
Two freaks here  
But I want another one  
Boy fresher than tuxedos with the.....  
Boy I'm hot shit  
Like a toilet in the sun  
One one me  
Never be another one  
Cougars on the prowl  
I can make your mother cum
