You know sometimes in life when you
When you going through things,
You having problems
You just wanna, you know, hop in the drop
Let the top back ride with a beautiful woman
You know what I mean ?
I know some of you are like: fuck no
I know what you mean and I can feel that

[Chorus]
Riding to the music,
this is how we do it
All night
Breezing down the freeway,
Just me and my baby
In our ride
Just me and my boss,
No worries at all
Listening to the Aston Martin music, music

Would've came back for you,
I just needed time
To do what I had to do
Caught in the life.
I can't let it go.
Whether that's right
I will never know

Should I go back to the woman?
That had my back at the moment
Before the moment when everybody else got on it
What if I was stuck in the hood
Rolling skinny blunts
Doin' hands to hands baby
seasons strollin in my mini van
Who the fuck am I kiddin'?
This time, I'm livin' in different cities every day
Boy you know is different
Women I'm seeing
I'm growing as a business and
I'm sitting on some millions
Missing Thanksgivings

Got the bank flipping
You won't understand my reality is different
Addicted to this life, yet life is what's missin'
Let that manifest. Man, i'm in another world riding with
your girl

[Chorus]

Riding to the music,
this is how we do it
All night
Breezing down the freeway,
Just me and my baby
In our ride
Just me and my boss,
No worries at all

Listening to the Aston Martin music, music

Would've came back for you,
I just needed time
To do what I had to do
Caught in the life.
I can't let it go.
Whether that's right
I will never know

And listen I figure it's only right
That I'll be getting into this money
'Cause I feel like for so long
They been trynna keep it from me
So many different women
Tell me that they love me
I just tell them keep it from me
'Cause that picture could get ugly
Passionate as ever but my heart's tough as leather
See the pain it remains
Sometimes burry the pleasure
But whatever, cheddar
I was raised be about it
Say you can't leave with it
But I can't be without it
Yeah I think that I'm the shit all the time
If you don't, do you. That's some shit you need to get
out of your mind
You don't think you the shit ? You can't sit in my ride
That's why I keep a bad bitch in my ride

[Chorus]

Riding to the music,
this is how we do it
All night

Breezing down the freeway,
Just me and my baby
In our ride
Just me and my boss,
No worries at all
Listening to the Aston Martin music, music

Would've came back for you,
I just needed time
To do what I had to do
Caught in the life.
I can't let it go.
Whether that's right
I will never know
But here goes nothing
Aston Martin music, music
[Music fades]
