Ohhh, ohhh, ohhh Can we mix some bidness with some
pleasure All night long Can we mix some business with
some pleasure All night long Can we mix some thuggin
with some lovin All night long Can we mix some
buisiess with some pleasure All night long [Trey Songz]
Girl we got them cameras, cameras, flashin, flashin
Everybody wonderin and askin Is you my candy girl,
are you my poopie na-na? Is we gon' take it further?
[Bayje] I heard what the people say And I feel 'em in a
major way Because they say we look good together,
happy together Let's make it last forever Can we mix
some bidness with some pleasure All night long Can we
mix some bidness with some pleasure All night long
Can we mix some thuggin with some lovin All night long
Can we mix some bidness with some pleasure All night
long [Trey Songz] Because this is a Hollywood
romance This is a BET romance This is a VH1 romance
This is a MTV romance [Bayje] This is a Hollywood
romance This is a R&B romance This is a celebrity
romance This is a night time romance That come outta
no where, no where, no where So we played right along
And I ain't goin' no where, no where, no where So we
played right along And it came outta no where, no
where, no where So we played right along And I ain't
goin no where, no where, no where [Bayje] Can we mix

Songz] Can we mix some bidness with some pleasure
All night long (i aint goin no where) Can we mix some
