Trey Songz/Comfortable

It's just entertainment

I'm not saying this to blame you I'm saying

I'm not saying this to play you I'm saying

It's all good when we making love

All I ask is don't take our love for granted

It's granted My love for you is real

If you don't love me somebody else will

Baby girl don't you eva oh no get to get to comfortable

Now aint the bed comfy when you sleep

Don't your ass stay here for the free

It's the year of the g tho you know how I be tho

Kick your ass out them and then im fly like a free throw

Call me crazy like c lo

4 5 6 chicks waiting like c lo

Listening to them hoes

Get the boot like timbo

Be missing the green

Like a fein for the indo

Don't act all low like limbo

My pie your slice like kimbo

leave me and you dumb

Then slow

Gimme back my shit like a rental

Get out my face like a hair that's ingrown

Lotta brains never took you for a bimbo

A lotta lames you was rolling with a pimp tho

And I let you ride like I ride instrumentals

So you was saying you gonna leave me

Well take your time be easy

Cause girl you could never play me

Even if you listening to a trey day cd

Before I eject your disc

Let me know you this

I'm a family guy truly

But I could give a fuck about the dog or stewy

I'm not saying this to make you upset

I'm not saying this to play you I'm saying

It's all good wanna break it off

All I ask when I'm taking off

That you handle it

Can you handle it

I don't need you for real
I know I loved you
But somebody else will
Baby girl Cause you must've got to comfortable

You know I got a lot a love for ya
Like I'm on drugs for you
So addicted but I know I can kick this
That's why I'm talking big shit
The way you lick them lips and ya hips would say
Nigga I know you gone miss this
But baby I wonder
How you gonna sleep without ya sleep number 69
Freaky time
You get it on the normal you and I were porno live
We got it in all night
And I tell you this
The way you talking all that mess
Make me wanna pull up that dress
Bend your ass over on the furniture
You think that you gonna leave wit
I all inside you secrets you say keep it
While I go deepest in ya river
Get to flowing better than that nigga jigga
Going all in and then it bend like tigger
Ya be on ya job getting hard like liquor
So whats up baby you gonna pack up
Or you gonna fall back what
You wanna do
I wanna do you right now
Baby make a move
I'm not saying this to make you upset
I'm not saying this to play you I'm saying
It's all good wanna break it off
All I ask when I'm taking off
That you handle it
Can you handle it
I don't need you for real
I know I loved you
Somebody else will
Baby girl cause you must've got to comfortable
Baby it's cool you were just a little bit out of line
Come on home now home now
Come on home now on home
You can come on home now
Come on home
Come on home now on home
