Don't love me
Don't love me
Baby don't love me
Alright

Yea
Said she wanna do her own thing (alright)
Fine as fuck and she ain't tied to no man (alright)
Headed up and there's a party
Spending weekends in the tropics
Just to catch that even sun tan

Fast cars, fast love and a slow fuck
Shawty running game so I never have to coach her
But, when you when you gettin money you just don't
know who to trust
Gettin her open but she hopin that the rubber bust

HOOK:
Pussy on my dick (dick)
Money on my mind (mind)
If you know what it is
Get yours I get mine
I love the way you feel girl
Plus you kinda fly
But once you get this dick
It needs yo ass upon a flight (owww)

CHORUS:
I know you say you hear this all the time
So I won't start to sayin that you fine
I never was too good at bein friends
So we can fuck but that's gon be the end
We only in town for the night
So let me lay your body down right
Never was too good at bein friends
So we can fuck but that's gon be the end

So don't love me
Don't love me
Baby don't love me
Don't love me

Baby don't love me
Don't love me
Baby don't love me
So we can fuck but that's gon be the end

So go and take a shower girl
Say that cab pullin up in 'bout an hour girl
She said, "Trigga can you hit one more time 'fore I dip"
I'm like "yea, I'mma wear yo sexy ass out"
She still want it, time flies
Yea, she still on it, cabs outside
I'll fly you back up you can rack up on them air miles
Before you leave need to see what that head 'bout

HOOK:

Pussy on my dick (dick)
Money on my mind (mind)
Girl let's make a flick (flick)
Move them panties to the side (side)
She somebody girl but I got her in the ride (ride)
Said that she ain't want it
But it's drippin down her thigh (ahhh)

CHORUS:

I know you say you hear this all the time
So I won't start to sayin that you fine
I never was too good at bein friends
So we can fuck but that's gon be the end
We only in town for the night
So let me lay your body down right
Never was too good at bein friends
So we can fuck but that's gon be the end

So don't love me
Don't love me
Baby don't love me
Don't love me
Baby don't love me
Don't love me
Baby don't love me
So we can fuck but that's gon be the end

And it ain't nothin to it
Ain't no cryin, ain't no boo-hooin
Each and every time treat the pussy in her mind
Like a finish line and nigga run right through it
Anytime of the day anytime of the night
Anytime on the watch that's so bright
That's right don't need no lights that pussy tight
I stretch it right out, Tune!
