Feels good ya know

Out of all the hotties in the world
I got everything I need in one girl
She the most amazing thing to me
And it aint just what I see
It's the way that she love me

Let me tell you how it feels to be with her
Dopest chick alive it's like 20s on your ride
And the wheels keep spinnin'
Fresh white linen
You could lose everything and still be my everything
Let me tell you how it feels to be with her
Dopest chick alive it's like 20s on your ride
And the wheels keep spinnin'
Fresh white linen
You could lose everything and still be my everything

Now I have many friends
That be going round
In and out a club thinkin'
Tryna find that special one, oh yes they do

But nothing's better than chemistry,
And especially the kind between you and me
Makes me wanna shout out to the world

Let me tell you how it feels to be with her
Dopest chick alive it's like 20s on your ride
And the wheels keep spinnin'
Fresh white linen
You could lose everything and still be my everything
Let me tell you how it feels to be with her
Dopest chick alive it's like 20s on your ride
And the wheels keep spinnin'
Fresh white linen
You could lose everything and still be my everything

Now, she means more than all of the world
I wouldn't trade her love for anything in this world

'Cause when we touchin' and we kissing
And aint never nothing missing
And I love the way she love me
Be all on me if I diss it
She so amazing to me

Let me tell you how it feels to be with her
Dopest chick alive it's like 20s on your ride
And the wheels keep spinnin'
Fresh white linen
You could lose everything and still be my everything
Let me tell you how it feels to be with her
Dopest chick alive it's like 20s on your ride
And the wheels keep spinnin'
Fresh white linen
You could lose everything and still be my everything

'Cause when we touchin' and we kissing
And aint never nothing missing
And I love the way she love me
Be all on me if I diss it
She so amazing to me

Let me tell you how it feels to be with her
Dopest chick alive it's like 20s on your ride
And the wheels keep spinnin'
Fresh white linen
You could lose everything and still be my everything
Let me tell you how it feels to be with her
Dopest chick alive it's like 20s on your ride
And the wheels keep spinnin'
Fresh white linen
You could lose everything and still be my everything
When you're with the dopest chick alive
(you could lose everything and still be my everything)
