We probably could have made it work in a past life

Said vows, I'll make you my first and last wife

A rich nigger that's certain to hit the ass right

Make a broke [deleted] smile like a low gas price

Truthfully I was digging your little style

Kept me in zone, I'm hitting you all wild

Poker chips in Vegas, then it's drinks at the tower

We'll try a menage later so you pick a girl up

I look at you and see a different girl now

Getting Whitley with me, a Different World now

A good girl, and I'll tell you, too, a bad bitch

Constipated and she never had shit

I'm so over your head, you should have caught that

Fucking with my phones when I'm gone like you bought that

I was fucking with you heavy but I'm bachelor

Money's my only girl, no lie, relaxer

Can't fuck with you no more

I just can't fuck, just can't fuck with you no more

Fucking with you is bad for my health

Can't fuck with you no more

I just can't fuck, just can't fuck with you no more

Fucking with you is bad for my health

Bad for my health

Bad for my health

Fucking with you is bad for my health

Bad for my health

Bad for my health

Fucking with you is bad for my health

Crazy with the head, but she crazy in the head

Attract a lot of birds 'cause I make a lot of bread

Searching for my dove, hoping love is forgiven

And I find out a dove ain't nothing but a pigeon

You all know I ain't nothing but a player

Guess there's value to make him want to fly you

Can't blame you for wanting something major

Shout out to the brides, like, can I get a Laker?

Real women, don't you be embarrassed by the fakers

Yves St. Laurent's probably flattered by the [?]

Almost couldn't fathom being madder at the haters

How dare you dislike me when I know I'm the greatest?

But now I see the beauty when they try to subdue me

All of my balls see the [?] as the groupies

The best part of my movie

Deep down, I know you're happy you ever knew me

Can't fuck with you no more

I just can't fuck, just can't fuck with you no more

Fucking with you is bad for my health

Can't fuck with you no more

I just can't fuck, just can't fuck with you no more

Fucking with you is bad for my health

Bad for my health

Bad for my health

Fucking with you is bad for my health

Bad for my health

Bad for my health

Fucking with you is bad for my health
