"Feeling Myself"

Hey baby,
Look here,
You know it's one swagga about ones self,
That makes him who he is,
My name is Songz,

I'm ain't shy,
I ain't unsure,
I know what I want,
When I see it, I don't guess,
Take it, get right to the point,
I'd be feeling myself,
I'd be feeling myself,
And I believe every girl wants me in their world,

[Verse 1:]

Hey ladies,
I'm calling you, so listen up,
I ain't no playa,
Just a young man,
Whose heart and body is full of love-in-in,
And my name is so cold,
And my game is so pro,
Hey where the boy Songz go,
I'm a tell you what they all know,
Fly girls love him, (yup)
Shy girls love him, (yup)
Every sorority, nation wide, don't they love him, (yup)

So ladies, (so ladies)
Don't ever think you ain't got a chance,
Cause if I see you and I like,
You're coming home with me tonight,

I'm ain't shy,
I ain't unsure,
I know what I want,
When I see it, I don't guess,
Take it, get right to the point,
I'd be feeling myself,

I'd be feeling myself,
And I believe every girl wants me in their world,
I'd be feeling myself,
I'd be feeling myself,
My swagga on a hundred thousand, trillion, zillion,
I'd be feeling myself,
I'd be feeling myself,
And I believe every girl wants me in their world,

[Verse 2:]

I'm never gonna apologize,
For making love every night,
Baby when I see you, please believe I need you,
See I love them all,
Short and tall,
Thick and small,
Like,
Differ girls,
Stripper girls,
More girls,
Those girls,
And your girls,
See doctors love them, (yup)
And bopers love them, (yup)
18 and up all need my love,
And I'm gon' give it, long as you with it, (yup)

So ladies,
Don't ever think you ain't got a chance,
Cause if I see you and I like,
You're coming home with me tonight,

I'm ain't shy,
I ain't unsure,
I know what I want,
When I see it, I don't guess,
Take it, get right to the point,
I'd be feeling myself,
I'd be feeling myself,
And I believe every girl wants me in their world,
I'd be feeling myself,
I'd be feeling myself,
My swagga on a hundred thousand, trillion, zillion,
I'd be feeling myself,
I'd be feeling myself,
And I believe every girl wants me in their world,

Baby I got, everything you want, everything you need,
And baby why not,
Let me get you all high, let me get what you got,
I wanna make you comfortable,

Let's do what you ain't done before,
You front some more,
I'm number four,
You finish on the low,
I run this show, you want some more,
I want some more, so come some more,
Like once we go we come some more,
We did like it like a punch below the belt,
Makes you go below my belt,
Next I show you what I felt,
Girl don't you love me to death,
Ohhhhhhhhhhhhhhhhhhhhhhh

I'm ain't shy,
I ain't unsure,
I know what I want,
When I see it, I don't guess,
Take it, get right to the point,
I'd be feeling myself,
I'd be feeling myself,
And I believe every girl wants me in their world,
I'd be feeling myself,
I'd be feeling myself,
My swagga on a hundred thousand, trillion, zillion,
I'd be feeling myself,
I'd be feeling myself,
And I believe every girl wants me in their world,

I ain't shy,
Girl I'm so sure,
You the one I want,
And I see you, I don't hesitate,
Let's get to the point,
I'd be feeling myself,
You'd be feeling yourself,
I'd be feeling myself,
You'd be feeling yourself,
I ain't shy,
I ain't unsure, (no)
I ain't shy,
I ain't unsure, (aye)
I'd be feeling myself,
I'd be feeling myself,
Feeling myself,
Feeling myself.

Yup
