Every single day, girl, I wanna
Get away, If your love's, gonna
Come along, girl, when we together
I be feeling so strong,
But when we're apart,
I don't know where to start,

You've been nothing short of perfect,
Baby, I've been trynna make it worth it,
When you say, that you love me,
Girl, you make me feel invincible,

Baby, you know my love aint gon' go no where,
And I know the only thing thats pumping through my
veins, is you,
You know I'm only living for your love,
You see I hit the ground runnin',
Searchin' for your love,
And I'll never run from it, I promise,
I won't survive, without it,
I'll flatline,
'Cause girl my heart beats for you,
I won't survive (for you)
It beats for you (I won't survive)
(for you) Girl my heart beats for you,
I won't survive
And I will never run from it, I promise
It beats for you,

Ohhh,
My heart only beats for you,
Only for you, girl, ohh

Eh, Eh, Eh, Girl
Just the thought of you leavin'
Makes me feel the pain, girl
And no medication can make it go away, girl,
My body's feeling cold,
My heart is feelin' froze,
Need your healin', here we go,

You know, my love aint gon' go no where

So beautiful, hold me tight, don't ever let me go,

'Cause, you know I'm only livin' for your love,
I hit the ground runnin'

Searchin' for your love,
And I'll never run from it, I promise
I won't survive, (without it)
I'll flatline,
'Cause Girl, my heart beats for you,
I won't survive (for you)
It beats for you (I won't survive)
(For you) Girl my heart beats for you,
(I won't survive) My heart beats for you,
And I will never run from it, I promise, It beats for you
You see, I hit the ground runnin',
Searchin' for your love,
And I'll never run from it,
I promise (I won't survive, without it),
I'll flatline,
Cause, Girl my heart beats for you,
(I won't survive) (for you) It beats for you,
(I won't survive) Cause girl my heart beats for, (I won't
survive), for you,
It beats for you, I won't survive,
And I will never run from it, I promise
It beats for youuu,

It beats for you, (only you),
Your love runs through my veins,
Girl, it is not a game and I won't be the same,
If you would go away,
And your love wasn't here to stay
Down on my knees I pray
That you wait for me

Hit the ground runnin',
Searchin' for your love,
And I will never run from it, I promise,
I won't survive, without it,
I'll flatline,
'Cause girl, my heart beats for you,
(I won't survive) for you,
It beats for you,
I won't survive (for you),
It beats for you, (I won't survive),
And I'll never run from it, I promise,
It beats for you
