Dancin in the club, drinkin on that nuvo

I, I can't control my eyes lay where ever you go

(Where you go, where you go, where you go, go)

What you think about if we leave

Baby if I pull up would you hop in with me

We can go create ourselve some fantasies

In my home, all alone

I don't wanna get to far ahead of myself

Baby I can picture you in bed with myself

So sip some more champange (champange)

And listen to my campaign

I don't think that you should be alone by yourself

I don't think you wanna be alone by yourself tonight

We can do it all night

And if you do it right

You can get the keys to the car(car)

You can get the keys to the crib(crib)

You can get the keys baby you can get the keys

You can get the keys to the car(car)

I just want the keys to your heart

Baby you can get the keys baby you can get the keys

Ferrari, maserati, the bugatti, the harley

I'd probably give it all to you

Shawty you bad, and you know (girl you know)

I'm a be on your ass if you go

I'll give you whatever baby girl that you know

That you know (that you know) Did you know (did you know)

I don't wanna get to far ahead of myself
Baby I can picture you in bed with myself
So sip some more champagne (champange)
And listen to my campaign
I don't think that you should be alone by yourself
I don't think you wanna be alone by yourself tonight
We can do it all night
And if you do it right

You can get the keys to the car(car)
You can get the keys to the crib(crib)
You can get the keys baby you can get the keys
You can get the keys to the car(car)
I just want the keys to your heart
Baby you can get the keys baby you can get the keys

You can get the keys to the car(car)
You can get the keys to the crib(crib)
You can get the keys baby you can get the keys
You can get the keys to the car(car)
