"I Ain't Playing"

[Chorus:]

I see u lookin at me exactly like u know wat it do
When I leave wher I'm at. make my way over to u
Cause I ain't playin with u girl (jus want u to kno) I ain't
playin
If I whisper in your ear wats goin thru in my in my head
baby
I bet u turn around ntell me baby let's le-eave

Any girl JD used to bring around I had a crush on
Wishin I cud take em to my room and get my touch on
If u was jus a lil older is wat dey used to say
Kissin me huggin callin me baby how dey use to play
But now that I am tewnty-one if u go to kissin n huggin
me
Lil mami I'm trying to cop sumtin, I'm in da club now
tearin up
Tank top, standin on da couch screamin "who bet I
can't stop"
Album number 7 started at 11 steady yungest nigga
killin it
Shawty you better tell em uh, used to be your lil sister
dat I was concerned about
Now I want you I see u lookin now I'm a thug it out
Don't slip look again girl if u do I'm goin in tell em lil
mama wat u waitin for I just want u to know,
I ain't playin I ain't playin girl u already kno

[Chorus:]

I see u lookin at me exactly like u know wat it do
When I leave wher I'm at. make my way over to u
Cause I ain't playin with u girl (jus want u to kno) I ain't
playin
If I whisper in your ear wats goin thru into my head
baby
I bet u turn around n tell me baby let's le-eave

If you a fly young chick I'm a fly young niga
Plenty dudes make fake us but nobody got a swag like
mine

Feelin horny girl I kno u want me girl
I'm bout to tell u wat I'm thinking baby close your eyes
I'm right here baby I'm in your ear baby
Let's make a movie need to get that ass in here baby
I like to drink a lot let's take it to my spot
Soon as we hit the dooor were guna drink some
mo00re
And I'm a kiss u here and I'm a kiss u der and I'm a kiss
ya, kiss ya, kiss ya
Kiss ya everywhere (bow wow) said I'm a kiss u der and
I'm a kiss ya, kiss ya, kiss ya
Kiss ya everywhere

[Chorus:]

I see u lookin at me. exactly like u know wat it do
When I leave wher I'm at make my way over to u
Cause I ain't playin with u girl (I jus want u to kno) I ain't
playin
If I whisper in your ear wats goin thru in my in my head
baby
I bet u turn around n say baby let's le-eave

They say rockstars live da life, but I beg to differ
Tommy lee and nikki sumtin ain't got shit on this nigga
From some playboy bunnies girls with deyre own
money
Got em so backed up in my sidekick it ain't funny
Got em high enough in parties sometimes keep da red
carpet
Cause I don't know how to stop it. once I get it started
I go hard go hard when I'm in da paint quick to let u kno
I'm errthing dat your nigga ain't.
If he ain't got a mil ticket a mansion and a condo fleet
full of cars den u need to let your man go.
This ain't bout da money baby dis about a good time
and I ain't trying to replace your man I'm just talking
bout this one time
And your mind saying no but your body saying yes how
u droppin in dat dress and your eyes tell the rest
So don't slip (jecho) look again (jecho) girl if u do I'm
goin in
