These hoes be actin up  
These niggas tryna hold me back  
These dollars keep stackin up  
and he keep bitches where he be at  
I'm throwing singles, fuckin double yah make it triple  
She looking lost she looking hurt we bustin like two  
pistols  
I'm so the shit I was thinking I should make some tissue  
If thats yo bitch when im done nigga just take her with  
you

Fuck niggas and they own motors  
Fall back and get no closer  
20 bottles comming to my table right now and them  
hoes doin what they all pose to  
Dont stop pop that, pop that pussy like an automatic  
My section jumpin like we got that bitch up on a  
matress  
Her ass stretchin out dem jeans ahhh so elastic  
I'm dope boy fresh like a nigga just came out da  
package  
Fuck it doe, big bills buffalo  
Niggas think dey fuckin raw but they all rubber though  
Soft niggas suck a hoe  
I Lost niggas wea u go  
Cause trigga one more liquor  
Shot goes out to the poor niggas  
And it ain't no diss man im on my shit member when I  
use to get like four figures  
I'm so absorbed to what you adore  
Real niggas see through my pores  
Bad bitch when I'm in that porche  
Call 9 1 1 cause the crime been done  
Seen a big dick and she climbed on one  
Niggas throw shades and I shine on them  
Beast and I rhyme part time on them  
Pour champagne and wine on them  
Girls wanna have a good time on him  
Brain lose yo mind on him
