Money on my mind they say there's hater's in the way  
Havin conversation with that paper everyday  
I aint talkin short bread  
Gilr I am with that major cake plus I spend it  
I can't take it when the lord take me away  
Where my lighter where my lighter ay cece  
Fill my drank up  
Aint no purple aint no pink up in this red cup  
But I'm f\*cked up  
Starin at ya body go damn your sexy body  
I am trey I came to play  
I wanna use you as my hobby gilr  
Seen so many faces in these unfamiliar cities  
Bright skylines gotta nigga kinda dizzy  
They tryna take my spot  
We'll they gon have to come and get me  
My crib is at the top anybody rollin with me  
If I could I would bring the whole hood to the top  
Of the wrold with me  
Is my world for free  
Tryna give ya what ya came to see  
If I could I would bring the whole hood to the top  
Of the wrold with me is my world for free  
Tryna give ya what ya came to see
