you love me like
words can't explain
for me to feel the same
is all you wanna gain
you never claimed
that the dollars made me change
..
..
hurt your heart in the worst way
never should've let you fall in the first place
but you fallin' put your all in
now you're so high off love you don't wanna get down

most nights she ain't sleep
worrying where i might or might not be
sheesh for the life of me
man what a life i lead

you kept me on this pedestal
no matter how much i let you down
i let you down (down down)
with all my infidelities
you love me so incredibly
inside i fall apart
if you ever love someone
instead of me
instead of me
though you deserve a better man
instead of me
instead of me
