The Prince is back
May day, Trey Day
Mister Thanksgivin'
Street anthem, DJ drama
Talk to 'em Trey

So here we go with this again
Runnin' at them lips again
Yellin' in my ear
Shit, all I hear is whisperin'

No matter what it is
She always start to bitchin' and trippin' and
I almost started to call
That girl a bitch again

So I blaze out the house
In a rage out the house
Shorty got a sharp tongue
She spit blades out her mouth

I throw my stunners on
I chop blades out the house
She get to growlin' and I'm out
It's like a cage in the house

Phone on silent and I'm wildin'
'Cuz I'm out, five shots of Henny in
Man, I'm makin' plenty friends
Black, white, Dominicans
Back right, I break it in

Crystals to hurt Burt
I need to take it in

I been drinkin' tryna get my mind up off
All this yellin' and all this screamin'
But all that it is doin'
Is takin' me far from your lovin'

Got this girl in my ear
Tellin' me what I don't need to hear, no

Sippin' what I'm sippin'
And she 'bout to catch me slippin'

I'm long gone missin', long gone missin'
An' I'm up in this club with all of these women
This one she said, she wanna get me alone
You better serve but girl I gotta go home

I'm long gone missin', long gone missin'
An' I'm up in this club with all of these women
This one she said, she wanna get me alone
You better serve but girl I gotta go home

Now she's grindin'
And the way she poppin' dat thang
Droppin' dat thang, reminds me
It ain't a girl in this world like mines

Wish you come find me, it's gettin' heated up
If she keep it up, we gone be leavin' here
Sippin' what I'm sippin'
An' she 'bout to catch me slippin'

I'm long gone missin', long gone missin'
An' I'm up in this club with all of these women
This one she said, she wanna get me alone
You better serve but girl I gotta go home

I'm long gone missin', long gone missin'
An' I'm up in this club with all of these women
This one she said, she wanna get me alone
You better serve but girl I gotta go home

Now I look around
An' all I see is cuties
Booties bouncin' all around
Tryna keep myself from goin' down

With all the luv I give
An' all you eva do is frown
And I'm 'bout ta get caught out there
Sippin' wat I'm sippin'
An' she 'bout to catch me slippin'

I'm long gone missin', long gone missin'
An' I'm up in this club with all of these women
This one she said, she wanna get me alone
You better serve but girl I gotta go home

I'm long gone missin', long gone missin'
An' I'm up in this club with all of these women

This one she said, she wanna get me alone
You better serve but girl I gotta go home

I'm long gone missin', long gone missin'
An' I'm up in this club with all of these women
This one she said, she wanna get me alone
You better serve but girl I gotta go home
Gotta go home and I'm out
