(Verse 1)

I'm coming through to meet you,
Girl I can't wait to see ya,
Just stepped up out of Magic,
I'm feeling like an addict,
He need a little touch up,
To help 'em go to sleep,
Sugar I'm about to pull up,
Buzz the gate for me,
I step out through the door,
Stumbling from all the sippin',
I pull you to the floor,
You hot from all the kissin',
Oh I know you wit it,
So let's take it slow,
I bought you a ticket baby,
I'm gon do a show

(Pre-Chorus)

Baby you the juice,
Watch me be the Gin,
Beat it like a nigga who just got up out tthe pin,
From the floor to kitchen,
Kitchen to the bathroom,
Bathroom to the shower,
Take a break and bring back in a hour

{Chorus}

I'm in my zone tonight,
I'm feelin' alright,
I got this wine in me,
I got that weed in me,
Oh girl I'm feelin' like a soldier,
Gon and do it rough,
I know you like it when I hold ya,
Girl I want to oh,
Make it rain tonight,
And I ain't talkin' bout no money girl,
Imma make it rain tonight,
And I ain't quitin' till I get it right,

(Verse 2)

Now baby stand up,
Put yo hands against the wall,
While I kiss down your spine,
I'm sure you know where I go from here,
And I know you feel,
When I'm kissin',
In your kitten,
And I know you don't be trippin',
When I step inside your love,
Oh that's what I'll do,
I just wanna love,
The closer I get to you,
I said it keeps on better,
And I love when we're together, oh-oh

(Pre-Chorus)

Baby you the juice,
Watch me be the Gin,
Beat like a nigga that just got up out the pin,

From the floor to the kitchen,
Kitchen to the bathroom,
Bathroom to the shower,
Take a break and bring it back in a hour

{Chorus}

I'm in my zone tonight,
I'm feelin' alright,
I got this wine in me,
I got that weed in me,
Oh, girl I'm feelin' like a soldier,
Gon and do it rough,
I know you like it when I hold ya,
Girl I want to oh,
Make it rain tonight,

And I ain't stoppin' till I get it right
