(I shoot the lights out
IIIIII till it's bright out
Ohh just another loney night
Are you willing to sacrafice your life)

Monster mah-fucker you know I been one of them
Niggas so shady 'cus they know i been son'in 'em
Irrational methods
I will thrash you in seconds
Waitin' till your spirit rise
Then ask for your blessin's
I'm insane
I'm deranged
Bonkers, Blanka
Nigga you should know that I'm a mudafucker monster

I'm so demented, It's cemented in my brain
Every pretty woman worldwide wants to give me brains
Till I squirt soft, Damn with a jerk off
First off fuck y'all, Hater on the balls of a better man
Pause then behead a man
Eat yo' ass alive
Murder the other guys while ass is digestin' an
I'm wonderin'
Should I put 'em asunder then
Begin with the plonderin', Devour ever one a' dem
An I ain't talkin' to no particular one a' dem
But if a nigga wan' it den
Bring 'em I'ma done 'em in, Come again
I'ma make more money than I can ever spen' an

If you gatta girl better lock her in
'Cus the one thats we me now in the telly
Got some dumb nigga named Twan on her belly (haha)
Lets discuss this, I'm not to be fucked wid
Have no fear so I see no peers
I'm so far gone, They don't see me here
Plus I'm so far grown, But you see no beard (yeah)
Know the game, Slit shit from ear to ear
Breaking womans heart
When I tell 'em what they never hear
After tonight, From me you may never ever hear

I leave you feindin'
While relasin' my demons and nemons
Marcus, I'm gorgeous, I'm flawless, Applaud it
White folk looking
Can't believe a nigga bought this
If only they could see
How quickly I will abort shit
Done once I wore shit once
Thats no horse shit
Fresh as a mint mouth, Penthouse
Top floor shit
Mr steal-yo-girl an I probaly got your bitch
Where she at
Nigga look around
Even if she wid you now
I bet I probaly took her down (uh)
Mon-store, A lyrical gun store
Got all the ammunition a killer could want for
An I want more
You could call me canivore
Pretty picture, Pretty Trigga, Eatin' every one a y'all
