

Trey Songz "Nightmares Of The Bottom"

Visit "[Nightmares Of The Bottom](#)" on MotoLyrics.com

Oh, let me hold dat beat though.
You see I'm simply complicated like a free throw
You're so not so my equal, you love her but I'm fucking
her
I repo the freak hoe
My bitch bad, badder than yours
I'm big shit, nigga, elephant terds
I give a fuck about whatever you heard,
Cause dumb fucks speak irrelevant words
You say you're fire, but you never get burnt,
Got now and next, so it's never your turn!
I swear you silly mother fuckers gonna learn,
It's like bein a man like me is gonna learn I want my
money like the nigga
Big worm
Nightmares that rubber busts and my dick burn.
I swear I'll be talking to hoes so stern You see you gotta
set em straight,
No perm
Stallion, bitch, Might throw in the barn,
No bullshit, like I'm cleaning up the farm...
I'm so heroine, needle in the arm,
You're so Maraline, get off my john!
F. Kennedy, F enemies, you small things I should spend
less energy!
After all we all know they are just mini me's
Hey Say Trey where the bitches and the henessy
Your negativity such a bad tendency,
Cause baby momma saying let your baby swim in me
Fraud nigger, I don't know how to pretend to be
No, expect what you accept, respect what you regret
Give your best and nothin less
Yes, even when you're dealing with the stress
If this is one thing that I want, I'm talking about with a
blank check
I'm rich but I ain't bank yet,
Money on my mind, but I ain't think yet
I'm balling but I ain't dunk yet,
I'm buzzing, but I ain't drunk yet,
All I do is shit you never did
But I still ain't don't shit yet!
Fresh until my death, I'm gettin right move to the left!

Smoke a lot, ya nigger you're so dead,
Got a bad bitch, with a bad bitch, I'm a savage pussy
on they breath
Swear I had the camera set, my life is a movie and I do
be camera fresh
I'm over, over dosing, my mental is over loading,
If the link is over loadin, baby you just hit refresh!
I met with the future last week, and they said you won't
be there!
I figure, I should tell you know, so you won't be scared!
I kill a rapper, every sentence, no it don't be fair,
I got bars, every sentence, and I want de-chair
You rockin pumas I'm at Zuma eating lobster rolls
All the model bitches with me strike a awkward pose
Lyrical drills, cracking reefer call it rock'n roll
Nigger say they on my heels soft, so they doctor
scholls
No physicians, prescription, is worth submitted for this
uhm
Sickness, I'm spitting, just listen I'm Charles Dickens'!
Nothin for pretty women, I'm sticking my large dick in
Dreams of Rihanna and Nicky Minaj licking.
I'm tripping, I'm tripping I never fall down
Hey, shout to all the red bottoms, that's really all
though
Or even faker, they fake cause, I just fuck her, but he
ate her
He's a sucker, now he hate a mother fucker cause I'm
greater!
You niggas vanilla wafers I'll gobble ya whole squadron
my unborn sons
Never made it, cause she swallowed em
After that she hollerin, she's thinking about some
collagen injections
Suggestin I'm investing the scene as she garglin.
She thinks she's my bottom bitch Hillary ridemish
Keep the green growing, hoes diggin in my garden shit
Hoes digging in my garden shit!
My flow murderous, I should touch Jada to kiss em,
Kill a rapper, make the nigga tell Biggie I miss him!
Energy, few bodies, niggers that envy me, dude,
Many of you have the tendency to mimic my moves
Isn't it true? In him is something that you wish was in
you
No start button, won't pause for nothing,
I ain't spitting, I'm throwing up, cause you nigger's
disgusting!
These bitches is lusting you niggas is cuffin,
New young and flashy nigger I feel like dashin Jigga,
Nine six so glorious or Puff Daddy and notorious
In nine five before he died my hustles grand

I'm tippin Dro I need a TS chain I'm pun and Joe
I just fuck a lot I'm not a playa
Hold up, yeah, so like Pun and Joe
Oh I paved the way for em, layaway flow em
Ya whole style borrowed
Bring my shit back tomorrow
I'm what you mens ain't
Just keep the Ben Frank
You ain't getting the picture, get your lens changed,
Get your lens chained!
