[Intro]

She rockin' dat thang like she holding a guitar
Wanna dig up out her guts like I'm rollin a cigar
Body on pilates, how I ball she could volley that
Give it to me and she never ever want her body back

[Verse 1]

Eat up every piece of you
I treat you like a party pack
All by myself s**t
All cause I'm selfish
All on ya pelvis is where I wanna grind at
Grind all the time shawty make me push my grind back
Hammer to ya body
I ain't talkin cockin' nines back
If I could push the time back
I would just rewind that
Dream "Purple Kisses"
Repeat it while I eat it
I meant beat it I meant treat it
While I'm giving you the deepest
What I'm peepin' you should see this
Girl I really don't believe it
If it's Victoria's Secret
You should tell her I'm a keep it
Matter fact
You can have it back

[Hook]

Cause you rockin' that thang like
You rockin' that thang like
There's nothin' I can say
She just rockin' that thang like
You just rockin' that thang like
There's nothin' I can say
You just rockin' that thang like

[Verse 2:]

She get it up
I put it down
I lift her up

I turn her round
Her legs shakin' cause she horny
Plus she been coming
Since we first started going
Once I hit it
If you ever had a n*gga
Who done did it
Before I done hit it
You should quit it cause he ain't gon' do it
Like I does it cause I does it
No discussion you gon love it
On some Usher "Love in Club" s**t
You gon' want it all in public come on

[Hook]

You rockin' that thang like
There's nothin' I can say
She just rockin' that thang like
You just rockin' that thang like
There's nothin' I can say
You just rockin' that thang like

[Break]

I be in the club like wassup f***ed up
Spendin all of my dubs on da strippers
Catch me in da whip bad chick gon' sit
On the side tryna pull it out da zipper
She say she want a star
Well I'm da big dipper
Meet me by da bar
They call me the big tipper
Baby girl you know who
Ain't no trickin' when I pole you
I'mma flip you
I'mma throw you
I'mma show you
I got that good thang like
