[Trey talking]

Ay

I just got a idea.

You know,

thinking of some things we could do.

Spice things up...

[laughs]

Fa sho'

[Verse]

If I snuck up in yo bedroom,

touch you while you sleep,

would you act suprised as if you didn't know it's me?

I came to steal your heart, girl, don't call the police.

I only want a part, girl, really just a piece.

If you show me the money, then

I'm gon' show you the beast.

If you give me your honey, girl

I promise I'll be sweet.

Then, I'm gon' sneak out the back

so nobody will notice me.

Then we can run it back girl,

it's your turn to go on me.

We can...

[Chorus x2]

We can try some role play,

you can do what I say,

I can do what you say.

You can have it your way.

We can try some role play.

I can do what you say,

you can do what I say.

I can have it my way.

[Verse]

The room is spinnin' ridiculous,

my body freezing cold.

I can't even remember what I did the night before.

I don't know where I am, girl

but I gotta go.

I can't feel my legs,

somebody help.
If you come in and rescue me,
I don't know what to do.
I say I need a remedy,
you say the cure is you.
Then you tell me relax,
and get ready for surgery.
Baby fix me fast,
you know it's an emergency.

[Chorus x2]

We can try some role play,
you can do what I say,
I can do what you say.
You can have it your way.
We can try some role play.
I can do what you say,
you can do what I say.
I can have it my way.

[Bridge x2]

You got your picture,
in your mind.
Let me see,
now that we're together, girl.
Don't be shy, now,
it's alright.
You'll start to see (show me how)
show me your direction, girl.

[Chorus x2]

We can try some role play,
you can do what I say,
I can do what you say.
You can have it your way.
We can try some role play.
I can do what you say,
you can do what I say.
I can have it my way.

Role play, role play.
You can have it your way.
Role play, role play.
I can have it my way.
Role play, role play,
I can have it my way.
Role play, role play.
You can have it your way.

Role play, babe... *[x2]*
