Runaway Triggamix by Trey Songz Lyrics

O ho, for a longest time, I've been on my shine, I'm
sour

Now or never let by this one this way so long,
Got me sitting toe high, trying ball it up close
And I think it's time that I propose

Let's make a toast to the dickheads that ... cause we
get bread

Toast it to bad bitches that shit on their ass bitches
Deserve what I think they do so toast in the pippins
Nobody's the same but we're no different

We all want this money right,
... bad eat trying to eat like it's money pie
I should live 100 lives I should have 100 wives
And the honey-bees, I should tell her 100 lies
Then I wonder why, when it's all set and done
Tell me what will I become,

I wanna say that I did learn some earn some,
Bad memories I did burn some
Sanitize my hands and let the germs gone
See you niggers is disgusting
Bad bitches worldwide wanna fuck em
You see they treat my dick like lit bomb
They know I hate hard, no concussion, come on

O ho, for a longest time, I've been on my shine, I'm
sour

Now or never let by this one this way so long,
Got me sitting toe high, trying ball it up close
And I think it's time that I propose a toast

Let's make a toast to the good times

Let's have a toast for the ...

Make a toast to a new band

... a bad home

Make a toast to a bad day

So we appreciate the sun rise

You still don't understand , stay away as far as you
could

Stay away, stay away, stay away as far as you could X 3

Still don't understand

Stay away as far as you can

Cause girl I've been to even know scream loud for me

...

See I'm living life with no boundaries
But even a sunny day's got clouds you see
I'm floating in the air, I live there
Laid back chair, call me song ...
I got a big beach, you got a beach chair
I'm the picture and you're just a small square
But who am I to say I'm better man
I just smoke this shit forever man

Momma said there will be better days
But when better days came
I knew there were better things
I ... me, you telling me this everything
Now quit playing man where's everything ?
The women are amazing, the liquors always taste ...

...

But emptiness remains, tell me where's the love that
I'm missing?
From every day kitchen, or ... really down cause I know
she's been around
I feel like something wrong, but everything's right
Hand quotes in the air read left right
I ain't trying to ... I'm living the blessed life
Would I trade it in motherfucker? Yeah, right
Black niggers can't hit me nor see me
This is the graveyard, death sight

O ho, for a longest time, I've been on my shine, I'm
sour

Now or never let by this one this way so long,
Got me sitting toe high, trying ball it up close
And I think it's time that I propose a toast
Let's have a toast for the ...
Make a toast to a new band
... a bad home
Make a toast to a bad day
So we appreciate the sun rise
You still don't understand , stay away as far as you
could
Stay away, stay away, stay away as far as you could X 3
Still don't understand
Stay away as far as you can X5

If I could stand on a cloud and speak out loud to the
world below me
To play my name just so that they know me, you see
the neighbors know my name

Even the haters love my thang, everybody plays my
game
We've got mental hypocrisy at such high velocities
When I speak truth, everybody calls me Socrates
I've got something philosophy that everybody's
watching me
Looking at there is shit, everybody's clocking me
When all there's no thrill like a slow kill
Standing at the bottom looking at the top
Hoping that they stop locking me
If I had a day job niggers probably stayed back in me
See I hate fools, if you said I obey, you ain't ever know
tray
You ain't know I'm season like obey
Do re mi sol fa la si do, toss it to the assholes, exclude
me through
Please, don't involve me in that, see I'm a dignified
man with a signified plan
And all problems to solve just leave them into his
hands.
