[Intro:]

Well, first of all my name is Trey Songz  
Ayee baby  
Haha, now why you gotta act like that  
You lookin' good  
You know you lookin' good  
Show me love (show me love)  
You know this for my girls, my ladies  
Where the ladies at!  
Haha, I just wanna talk to you baby  
Come on  
Show me love

[Verse 1:]

She don't give a you know  
How I be on the tube yo  
Trunk outside, layin on 24  
I said "I'm sayin' baby"  
Then she said "whatchu sayin? "  
I pause then said, "why you playin' baby? "

[Bridge:]

We can get to know one another  
Or maybe we can get close to one another  
You go oh so if you go with me to V.I.P. girl I promise  
you will see  
A place you rather be  
Tell me what you need  
You get all my love for free  
Once you get it, you won't ever wanna leave  
Tell me what you need  
This can be between you and me  
Then I told her, you know, I know, we know, you know  
me very well  
You say I be game'n but it ain't that hard to tell  
And my number's in ya phone, girl we both grown  
And I don't wanna leave here all alone  
Girl tell me

[Chorus:]

Mami what the deal (show me love, show me love)  
Mami mami what the deal (show me love, love, love)

Ma-ma-mami what the deal (show me love)  
Mami mami what the deal (girl I'm winnin' you)  
Mami what the deal (show me love, show me love)  
Mami mami what the deal (show me love, love, love)  
Ma-ma-ma-mami what the deal (show me love)  
Mami mami what the deal (girl I'm winnin' you)

[Verse 2:]

Baby don't be too cold  
You're too fly to be rude though  
It's kinda sexy when you think you flexin' on me  
Meditation like you're shoulder stretchin' sexin' on me  
What's it gon' be

[Bridge:]

We can get to know one another  
Or maybe we can get close to one another  
(Ohh) If you go to V.I.P. with me promise you would  
never leave  
There's no place I'd rather be (Ohhh)  
Tell me what you need (tell me what you need)  
You get all my love for free  
Once you get it, you won't ever wanna leave  
Tell me what you need  
This can be between you and me  
Then I told her, you know, I know, we know, you know  
me very well  
You say I be game'n but it ain't that hard to tell  
And my number's in ya phone, girl we both grown  
And I don't wanna leave here all alone

[Chorus:]

Mami what the deal (show me love, show me love)  
Mami mami what the deal (show me love, love, love)  
Ma-ma-mami what the deal (show me love)  
Mami mami what the deal (girl I'm winnin' you)  
Mami what the deal (show me love, show me love)  
Mami mami what the deal (show me love, love, love)  
Ma-ma-ma-mami what the deal (show me love)  
Mami mami what the deal (girl I'm winnin' you)
